Northwest Oval throughway closed for construction

July 11, 2007

Ohio State University – As a result of construction, travel between Thompson Library and University Hall will be closed from July 16 – Sept. 12, 2007.

The entire throughway between the buildings and the south entrance of University Hall will be blocked. The concrete and brick sidewalk will be replaced with asphalt sidewalks with granite edging. New brick pavers will be installed on the south entrance of University Hall.
