TABLE OF CONTENTS

<u>SECTION</u>	<u>TITLE</u>	<u>PAGES</u>
1	Introduction	1.1 – 1.2
2	Existing Site Utilities	
	A. Description / Observation:	2.1
	B. Evaluations	2.1
	C. Recommendations	2.2
3	Building Assessment	
	A. Exterior	3.1 – 3.2
	B. Interior	
	1) Basement	3.3 – 3.8
	2) First Floor	3.9 – 3.15
	3) Floors 2 through 11	3.16 – 3.21
	4) Penthouse	3.22
	5) Bathrooms (Floors 2 through 11)	3.23 – 3.25
	6) Stairs	3.26 – 3.28
	7) Elevators	3.29
	C. Accessibility	3.30 – 3.31
	D. Building Code Analysis	
	1) Existing Structures	3.32
	2) Use Group	3.32 – 3.33
	3) Construction Type	3.33
	4) Allowable Area	3.33
	5) Height Limitation	3.34
	6) Occupant Load	3.34 – 3.35
	7) Means of Egress	3.35 – 3.36
	8) Toilet Rooms / Plumbing Fixtures	3.36 – 3.38
	9) High-Rise Buildings	3.39
	10) Elevators	3.40
	E. The Ohio State University Green Build & Energy Policy #3.10	3.41 – 3.43
	F. Attachments:	
	Photo Key - Park Hall Basement Floor Plan	3-1.0
	Photo Key - Smith Hall Basement Floor Plan	3-1.1
	Photo Key - Stradley Hall Basement Floor Plan	3-1.2
	Photo Key - First Floor Plan	3-1.3
	Photo Key - Typical Floor Plan (Floors 2 through 11)	3-1.4
	Photo Key - Penthouse Floor Plan	3-1.5

F. Attachments (<i>Continued</i>):	
Occupancy Plan - Smith Hall Basement	3-2.1
Occupancy Plan - Park Hall Basement	3-2.2
Occupancy Plan – Typical First Floor Plan	3-2.3
Occupancy Plan - Typical Floor Plan (Floors 2 through 11)	3-2.4
Egress Plan - Smith Hall Basement	3-3.1
Egress Plan - Park Hall Basement	3-3.2
Egress Plan – Typical First Floor Plan	3-3.3
Egress Plan - Typical Floor Plan (Floors 2 through 11)	3-3.4
Bathroom Renovation Area – Floors 2 through 11	3-4.1

4	Structural Assessment	
	A. Existing System	4.1
	B. Structural Constraints	4.2
	C. Connector Building	4.3 – 4.4
	D. Attachments:	
	Structural Exhibit ‘A’ – Penetration of Existing Floor	4-1.1
	Structural Exhibit ‘B’ – Penetration of Existing Floor	4-1.2
	Structural Exhibit ‘C’ – HVAC Platform for Existing Roof	4-1.3
5	Engineering Systems Assessment	
	A. Plumbing Systems	
	1) Sanitary	5.1
	2) Domestic Water System	5.1 – 5.2
	3) Storm Water System	5.2
	4) Fixtures	5.2
	B. Fire Protection Systems	5.3
	C. Heating, Ventilating, and Air Conditioning (HVAC)	
	1) Heating Plant	5.4
	2) Air Handling	5.4 – 5.5
	3) Terminal Units	5.5
	4) Controls	5.5
	D. Electrical Systems	
	1) Electrical Service	5.6 – 5.7
	2) Power Distribution Systems	5.7
	3) Lighting and Lighting Control Systems	5.7 – 5.8
	4) Fire Alarm Systems	5.8
	5) Intercom Systems	5.9

6	Chiller Options	
	A. Executive Summary	
	1. Option 1A: Chiller in each Residence Hall	6.1
	2. Option 1B: Chiller in Park and Smith Halls	6.1
	3. Option 2: Chiller in an Existing Building	6.1 – 6.2
	4. Option 3A: Central Chiller Building Site 1.	6.2
	5. Option 3B: Central Chiller Building Site 2.	6.2 – 6.3
	6. Option 3C: Central Chiller Building Site 3.	6.3
	7. Option 4: Central Chiller Building S. of 11 th .	6.3 – 6.4
	8. Option 5: Central Chiller Bldg. N. of Steeb.	6.4 – 6.5
	9. Option 6: Central Chiller Bldg. Near Hale.	6.5
	B. Chiller Options	6.6
	1. Local Chiller Plant for Each Building	6.7 – 6.8
	2. Central Plant in Existing Space	6.8 – 6.9
	3. New Central Plant	6.10 – 6.11
	4. Comparison Analysis of Each Option	6.11
	C. Attachments:	
	Possible Local Chiller Plan	
	Possible Chiller Plant Floor Plan	
	Possible Chiller Plant Location Site Plan	6-1.1
	Electrical Load Calculations	1 – 2
	Possible Building Connector with Basement Chiller Plant	6-2.1 – 6-2.3
	Possible Building Connector with Basement Chiller Plant	6-3.1 – 6-3.3
	Chiller Site Options Matrix	
7	Hazardous Materials	7.1
	A. Attachment:	
	Hazardous Materials Survey Report	1 – 168
8	Preliminary Budget Costs & Conclusion	
	A. Preliminary Budget Costs	8.1 – 8.2
	1. Concept Cost Option	
	– Bathroom Addition	8.3
	2. Concept Cost Option	
	– Student Study Lounge Addition	8.4
	3. Concept Cost Option – Option 1A	
	– Chillers in Individual Residence Halls	8.5 – 8.6

4. Concept Cost Option – Option 1B	
– Chillers in Smith and Park Halls	8.7 – 8.8
5. Concept Cost Option – Option 2	
– Central Chilled Water Plant in Baker	8.9 – 8.10
6. Concept Cost Option – Option 3A, 3B, and 3C	
– Central Chilled Water Plant	8.11 – 8.12
7. Concept Cost Option – Option 4	
– Central Chilled Water Plant S. of 11 th .	8.13 – 8.14
8. Concept Cost Option – Option 5	
– Central Chilled Water. Plant N. of Steeb	8.15 – 8.16
9. Concept Cost Option – Option 6	
– Central Chilled Water Plant near Hale	8.17 – 8.18
B. Conclusion	8.3 – 8.4
