

DESIGN AND CONSTRUCTION
Paul Sherwood
Assistant Vice President, FOD

Office Manager
Angie Alley

Students

Program Management:
Drive the execution of projects across all functional areas; identifying process problems, gaps & inefficiencies. Facilitating focus groups, leading improvement teams. Policy, procedure, training & compliance.
Project support & services: contracts, document management, funding, approvals, BOT materials, reporting analytics, project management systems etc.

Project Delivery Services
Project and construction management services to deliver all campus construction projects. Closely collaborates with other FOD entities and campus customers in pre-project development, project execution, and post-project tasks.

Project Technical Services
Engineering and architectural consulting services that support project delivery and other university initiatives. Ensure quality assurance of construction documents for code and building design standard compliance.
