

Facilities Operations and Development (FOD) is working closely with the Office of Academic Affairs, Office of Research and other key stakeholders to execute a phased approach to reactivate buildings in advance of the autumn semester.

FOD will provide a base-level of signage to promote physical distancing. Colleges or units should work with FOD to determine additional signage needs. For questions related to [Student Life](#), Athletics or the Wexner Medical Center facilities that are not listed, please contact them directly.
