

Who Brings the Sting?

Be aware of these common insects that may bite or sting you.

Bees & Wasps

Spiders

Fire Ants

Ticks

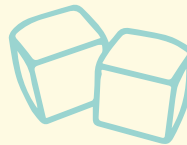

Bite/Sting First Aid Tips

Remove stinger with flat surface (like a credit card)

Remove all jewelry in case of swelling

Put ice or cold compress on affected area

Treat with over-the-counter meds or seek medical treatment

**For more information on biting & stinging insects, visit the EHS website for additional training*
